THE POSSIBILITIES ARE INFINITE

Excellent scanning and cost performance

The fi-5530C2's ability to scan 50 pages / 100 images per minute in landscape (200 dpi) and 35 pages / 70 images per minute in portrait (200 dpi) enables operators to quickly and efficiently digitize large amount of papers.

Includes the newest "ScandAll PRO" image capturing software

"ScandAll PRO" image capturing software is loaded with many useful scanning functions:

- Scan to email, scan to print, scan to file, scan to FTP, scan to PDF, and scan to Microsoft SharePoint Server.

- Searchable PDF, compressed PDF, password protected PDF, single page display PDF, PDF/A (ISO-19005-1), TIFF, MTIF, JPEG, J2K, and BMP.

Post imprinter support

The fi-5530C2 supports an imprinter option that is capable of printing dates and other information on the back of scanned documents in order to simplify the search for the original document at a later date.

Kofax® VRS (Virtual ReScan) bundled

Advantages of VRS include:

- VRS verification and adjustment features generate perfect images every time.

- The ability to efficiently digitize large volumes of documents dramatically improves scanning productivity.

- Easy to use. Automated functions remove the need for skilled scanner operators.

1) Actual scanning speeds are affected by data transmission and software processing times.

2) Using JPEG compression.

3) For 2" x 3" document, paper weight must be 34 lb.
